

# The BBS Wellness Solution

We are honored to have two of the leading physicians in the wellness field serving as our Wellness Board of Directors:

Dr. Richard Schmidt & Dr. Douglas Harrington

Their innovative approaches to this burgeoning field literally helps save lives.

## GD BioSciences

A Simple Blood Test that Detects  
the Leading Cause of Heart Attacks:  
**Unstable Cardiac Lesion Rupture**

Coronary Heart Disease (CHD) is the major cause of morbidity and mortality despite recent improvements in cardiac disease management

GDB's founder, Dr. Douglas Harrington, has over 25 years of experience in the research, development, commercialization, and expansion of innovative healthcare technology and services. Dr. Harrington was a member of

Dr. Jack Copeland's, first heart transplant team in Arizona in 1979, and co-founded one of the first clinical molecular biology laboratories in the U.S.
